To

The firm dealing in the construction of van bodies.

Enquiry No. 12342.

Subject.—Construction of Van bodies for the 17 chassis of different types in the Police Department.

Gentlemen,

No. S.P.C. 3640-60 Please intimate, on or before the 12th May 1954, your best price and the time you require for the construction of bus bodies for the types of chassis, as per specifications stated in the undermentioned schedule, subject to the following conditions :—

1. Quotations received after the due date will not be considered under any circumstances.

2. The Blue print showing the general design of construction, seating arrangement, position of doors, luggage carrier etc., should be prepared by the tenderers and submitted along with the quotation giving brief specifications of the materials to be used, etc.

3. The Police Department always reserve the right to make any alterations in the design or specifications and the bodies should be constructed with such modifications as approved by the Department.

4. A sum of Rs. 100 should be remitted to the Reserve Bank of India, the chellan being enclosed to the quotation. Those who have paid the earnest money under Enquiry No. 11961 need not pay the amount but in their quotation the fact should clearly be stated.

5. Successful tenderer should deposit a cash security of Rs. 1,000 and execute a bond on a "10 anna" Mysore Government Stamp Paper for due fulfilment of the contract.

6. Quotations with firm prices are preferred.

7. Quotations should be submitted in duplicate.

8. No enhancement in prices will be allowed after the acceptance of the tender.

9. Quotations will be opened at 2 P.M. on the next working day after the closing date of the enquiry.

10. The quotations should be superscribed "Quotations for the construction of Van Bodies required by the Police Department" with the above enquiry number.

11. This supersedes our previous enquiry Nos. 11896 and 11961.

SCHEDULE.

1. Construction of Van bodies on "Dodge" 152" W.B. chassis, with windshield and cowl 30×7-10 ply tyres, as per specification noted below 9 Nos.

2. Construction of Van bodies on "Desoto" 152" W.B. chassis with windshield and cowl, 34×7-10 ply tyres, as per specification noted below 8 Nos.

Specification for building standard city type bodies for Police Vans of 152" wheel base chassis.

GENERAL.—The van body shall be of composite type having steel frame and timber fillets and floor boards and M.S. sheets panels both *inside* and *outside*. There shall be a full door with dropside glass shutters on either side of the driver's cab. The special features are:—

1. A crosswise seat to accommodate 5 persons behind the driver's seat with entrance through the front door on the left side of the driver's seat.

2. The driver's seat should be extended upto the right inner side of the body with an extra seat provided on the left side of the driver's seat with an arm rest. Under the extended seat tool box to be provided with arrangements to lock.

3. Two longitudinal seats (foldable) if need be in the body.

4. One door with two shutters at the rear.

5. Expanded metal fixed shutters for the windows on either side and the rear door shutters.

6. Foldable and detachable metal stone guards for the windscreen for cabs glassed shutters, for front head lights etc.

Note.—If required, the expanded metal windows for the body should be made in such a manner as to fold the upper half inwards.

Dimensions :

Overall length of the body	...	15'6"	Approximate.
Internal width	...	6'3"	
Internal height	...	5'6"	

Constructions. The cross bearers should be fabricated out of 2" x 2" x 1/4" M.S. Angle fitted with vanteak inserts and the roof sticks to be of 1¼" × 1¼" × 1/8" M.S. Angles fitted with veteal fillets to enable shaping and panelling. The entire body frame should be bolted and welded wherever necessary and painted with anti-corrosive paint.

Flooring. Teakwood planks of 1" thick to be screwed down to the cross bearer fillets and covered with bitumanastic felt to make it dust proof metal sheeting should be used for flooring.

Panelling. Exterior panelling is to be of 20 G.M.S. sheet nailed to the timber fillets and with suitable mouldings at the joints.

Driver's Compartment. This is to be built integral with the body. A composite partition to be provided to the full height with a fixed type expanded metal window in the centre of the partition.

The Driver's and the five seats behind to be provided with comfortable leather cushions.

Doors. Full doors on either side of the driver's cab are to have windows having triplex glass shutters operated by winding regulators and fixed on stout iron hinges at the front with slam locks, and chemium plated door handles. Rubber buffers guides to be provided to prevent rattling.

Two rear doors with fixed expanded metal windows shall be provided.

Windows. The windows are to have expanded metal shutters sufficiently reinforced for rigidity. Rain shield and water channel shall be provided over windows.

Roof. The centre of the roof will be of teakwood plank 1/2" or 5/8" thick. There shall be bitumenastic treated felt over the timber ceiling and covered with G.I. sheets to make the top leak proof.

Side curtains. Water proof roll up khaki canvas curtains shall be provided for all the windows with necessary leather straps and turn buttons.

Fittings. 1. A locker at the rear side below the floor level.

2. Two longitudinal seats foldable in the rear compartment with cushions.

3. One folding step at the rear.

4. One R.V. mirror.

5. Two Nos. Rifle stands with leather belts in the cab.

6. Stone guards for W.S. Glasses, door glasses and head lights.

7. Petrol tank to be suitably covered by mess.

Paintings. All steel works are to have a coat of anti-corrosive paint. The vehicle should be painted with primer puttyed up and filler, and given two coats of blue colour synthetic enamel. The interior should be painted with light blue colour.

Lettering. Letters "Government of Mysore, Police Department" have to be carved on the head of the vehicle above the front glass and the monogram on the side.
